HARVARD
MEDICAL SCHOOL

4th Annual Skeletal Research Symposium

Tuesday, June 12th, 2018

1:00pm – 5:00pm

Massachusetts General Hospital
55 Fruit Street, Boston, MA 02114

KEYNOTE SPEAKERS:

*Dysregulation of Skeletal Matrix and Cell
signaling in Human Skeletal Dysplasias*

Brendan Lee, M.D., Ph.D.

Robert and Janice McNair Endowed
Chair in Molecular and Human Genetics
Professor and Chairman
Department of Molecular and Human
Genetics, Baylor College of Medicine

*Translational Studies of the Calcium-Sensing
Receptor in the Parathyroid Gland and Bone*

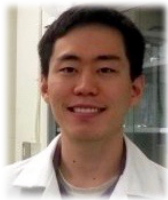

Dolores Shoback, M.D.

Professor of Medicine,
University of California San Francisco
Department of Endocrine Research,
San Francisco VA Medical Center

PILOT AND FEASIBILITY STUDIES SPEAKERS:

*The effects of caloric restriction on bone
formation and mTOR signaling*

Frank C. Ko, Ph.D.

Instructor in Medicine,
Harvard Medical School
Assistant in Biology,
Massachusetts General Hospital

*Targeting sclerostin in multiple myeloma-
induced bone disease*

Michaela Reagan, Ph.D.

Assistant Professor,
Tufts University School of Medicine
Faculty Scientist I, Maine Medical
Center Research Institute

SPECIAL SESSION FOR YOUNG INVESTIGATORS AND POST-DOCS:

Combining Clinical and Translational Research in Endocrinology
10:30am -11:30am

POSTER SESSION WITH PRIZES:

Abstract Submission Deadline: May 21st @ 5:00PM

To register, please visit: <http://www.csr-mgh.org/fourth-annual-skeletal-research-symposium/>

Please register in advance due to limited seating
